

Appian for Healthcare Providers

CONTRACTUAL A/R AND A/P MANAGEMENT

- Increase visibility across physicians and associated contracts
- Streamline and simplify reporting capabilities
- Improve data integrity with a singular source of truth
- Automate processes and create custom workflows

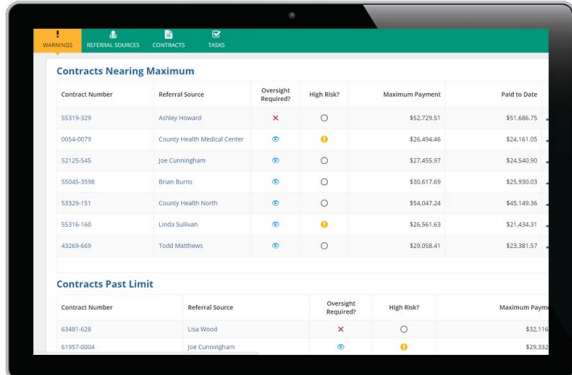

Typically, when a healthcare entity places a referral to another entity, some incentive is at play; these incentives have legal maximums. In alignment with anti-kickback and anti-bribery laws, they also may come with contractual parameters. Reconciling provider payments for reporting and accountability requires stringent processes and organization, which can be difficult to achieve with manual processes and inflexible legacy systems.

MEET THE CHALLENGE

Appian helps healthcare providers manage and automate cash flow related to physician contracts-to-max reporting. In a single system, Appian provides a unified view of physicians and associated contracts that makes it easy to track regulations and avoid conflicts of interest, as well. Healthcare organizations also have the power to seamlessly facilitate contract payments, repayments, and restitution/clawbacks if a contract is overpaid.

Appian's low-code platform saves time and money while improving accuracy.

- **Consolidate** siloed data into one intuitive interface
- **Automate processes** for better compliance and collaboration
- **Create custom workflows** and assign tasks
- **Achieve a real-time, unified view** of physicians and cash flow

The screenshot displays a software interface with a green header bar containing navigation icons. Below the header, there are two main sections: 'Contracts Nearing Maximum' and 'Contracts Past Limit'. Each section contains a table with columns for Contract Number, Referral Source, Oversight Required?, High Risk?, Maximum Payment, and Paid to Date. The 'Contracts Nearing Maximum' table lists several contracts with various status indicators (red X, yellow exclamation mark, blue circle with exclamation mark, and blue circle with checkmark). The 'Contracts Past Limit' table lists two contracts, one with a red X and one with a yellow exclamation mark.

Contracts Nearing Maximum					
Contract Number	Referral Source	Oversight Required?	High Risk?	Maximum Payment	Paid to Date
55319-329	Ashley Howard	✗	○	\$52,729.51	\$51,686.75
0054-0079	County Health Medical Center	ⓘ	⚠	\$26,454.46	\$24,161.05
52125-545	Joe Cunningham	ⓘ	○	\$27,455.97	\$24,540.90
55045-3938	Brian Burns	ⓘ	○	\$30,617.69	\$25,930.03

FOCUS

Transform your business processes for enterprise-wide benefits.

- Achieve compliance with simplified reporting in a secure environment
- Improve collaboration and transparency with comprehensive dashboards and the ability to seamlessly assign tasks
- Reduce data duplication and keystrokes

TAKE CONTROL

Using Appian, you can quickly build, deploy, and scale financial operations initiatives with enterprise solutions for:

- Inbound Document Management
- Invoice Approvals Tracking
- Real Estate and Lease Management
- Billing Management and Claims Status Automation

PREPARE FOR THE FUTURE

The future of healthcare depends upon the ability to quickly adapt and provide quality and convenience for providers, payers, and most importantly, patients.

It takes speed and power to deliver transformational healthcare solutions. The Appian low-code application platform provides both.

With Appian, organizations can build web and mobile apps faster, run them on a HIPAA-compliant cloud, and manage complex processes, end-to-end, without limitations.

HEALTHCARE ORGANIZATIONS TRUST APPIAN:

Appian

Appian provides a low-code development platform that accelerates the creation of high-impact business applications. Many of the world's largest organizations use Appian applications to improve customer experience, achieve operational excellence, and simplify global risk management and compliance.
