Organizations are still rethinking how work gets done in the post-COVID world. But it's hard to ignore signs that remote work has become a permanent part of our culture.

5 Remote Work Trends You Should Know About

- 66% of U.S. employees work remotely at least part of the time.¹
- 54% of remote workers embrace the remote work trend.²
- 44% of U.S. workers work from home five or more days per week, up from 17% before the pandemic.³
- 56% of CFOs plan to make remote work permanent.⁴
- The category of remote workers has grown 173% since 2005.⁵

Companies that don’t adapt to support remote work will lose out to companies that do. Mobility is a critical success factor.
